HB 129 (sales tax exemption for delivery charges), HB 30 (taxation of aircraft), HB 223 (tax refunds to businesses), HB 655 (tax credits for maternity homes and pregnancy resource centers)

From Lewis, Jennifer Date Monday, January 30, 2017 11:59 PM

To OA.Hearing & Floor Action

Cc

House Ways and Means

Members present: Curtman (Chair), Eggleston (Vice-Chair), Brown, Ellington, Christofanelli, Cross, Kelley, Mosley, Rhoads, Roden, Schroer, Shull

Executive Session

HB 129 (Engler) Exempts delivery charges from sales tax

- Eggleston offered an amendment. The amendment would align the bill language between the House and Senate versions. Both bills clarify that deliveries are services and should be taxed.
 - Without further discussion HA1 was adopted by v.v.
- HA1 was rolled into a HCS, and adopted by v.v. with no discussion.
- Voted Do Pass 12-0
- Curtman stated that the bill could not go consent because of the fiscal note. If anything changes the may make a consent vote later.

Regular Session

HB 30 (Pike) Taxation of Aircraft

- Pike stated that this bill deals with aircraft assessment and taxation and provided a handout to the committee. The will changes the definition for historic aircraft and increases the number of hours a pilot can fly at the lower tax assessment. She further stated that this was an opportunity to make Missouri more aviation friendly. There are approximately 6,000 pilot and aircraft owners in Missouri who do a lot of public benefit flying. The fiscal note is \$0 for state impact.
- Eggleston wondered about the percent of planes that would qualify. He stated that the fiscal note says \$0 for state and minimal impact to locals, so this is not a lot of money. He discussed the bill from last year.
- Christofanelli wondered about the fiscal note response from Kansas City stating that mobile homes may be impact.
- Shull requested more information on the economic impact to the state and how Missouri compares to surrounding states.
- Roden wondered about the limit being 250 hours in the bill last year, but only 100 hours this year.
- Curtman wondered if Pike was aware of any pilots that would fly more now if not for the higher tax bracket.

Proponents

- Scott Burby pilot from Nevada, Missouri
 - o Mr. Burby stated that this affects pilots with limited means and 100 hours would benefit the aviation community.
- Alden Burby pilot from Joplin, Missouri
 - o Mr. Burby stated that he knows pilots that would benefit. The number of pilots in the U.S. has been declining since 1980 and costs are a big factor. The bill is consistent with the national trend to lower requirements on pilots.
 - o Schroer wondered about the percent of pilots that would be impacted. Mr. Burby replied that he guessed about half of the 6,000 pilots in MO. Schroer further wondered how many stay within the 100-hour limit. Mr. Burby responded most of them.
 - o Curtman wondered whether planes in museums had to be flown and if flying during the sale of an aircraft counted against the number of hours allowed at the lower tax rate.
- Bob Quinn National Business Aviation Association
 - o Mr. Quinn stated than 100 hours was good, but he would have chosen 120-150 hours. It is expensive learning how to fly, so a lot of pilots use up their hours taking younger people flying to get them interested. Pilots are hesitant to fly now because they are penalized. Mr. Quinn stated that Missouri is losing out on fuel tax and employment opportunities.
 - Schroer wondered about the fiscal impact if the hours were increased to 150. Mr. Quinn replied there would not be much if any impact because collections from
 assessments would not change only activity level. Schroer further wondered about the fiscal not from last year. Mr. Quinn responded that it was almost identical
 because this is more of a county impact than a state impact.
- Tom Chandler AOPA
 - o Mr. Chandler stated that people use the hours to provide free medical transportation, transporting rescued animals, and free flights for kids. Fifty hours is the minimum to maintain flying proficiency. The state would make more tax money the more planes are flown.
 - o Cross and Mr. Chandler discussed how an increase in the allowed hours would impact a pilot and the decline in the number of pilots.

Opponents

Print Page 2 of 84

None

-

Information Only

Mike Sutherland - MO Budget Project

o Mr. Sutherland clarified that the response from Kansas City dealt with the assessment of manufactured homes, but the bill should not have an impact.

HB 223 (Moon) Tax refunds for businesses assessed higher sales taxes as a result of DOR taxable items interpretation change

Moon stated that this was the third year this bill had been proposed. He discussed the history of DOR expanding their list of taxable items and stated that not all businesses are treated the same way. Some businesses are audited by DOR and now charge taxes, but other businesses still do not collect the sales taxes. The instructional class sales tax exemption bill last year (SB 1025) stopped the taxes, but impacted businesses have not been made whole. Moon further stated that he did not know how much money would be involved because DOR has never responded to requests for information, so the bill has a cap of \$5 million.

- Schroer wondered why the bill had to issue refunds rather than provide a credit to offset future tax liability. Moon replied that DOR stole this money and the businesses need it back now. Schroer further wondered if Moon knew of any businesses that had to close.
- Brown wondered how many businesses had to close because of the taxes. Brown further wondered what happened to the bill last year.
- Ellington stated that the fiscal note says the full \$5 million is expected to be paid in FY18. He wondered where the money was supposed to come from to pay for the bill. Moon responded that is should come directly from DOR.
- Christofanelli wondered what would happen if more than \$5 million in claims were made and what would happen if one business claimed the \$5 million at once. Moon responded that he assumed refunds would be paid on a first come, first served basis and that they may need to add to the amount later if the full \$5 million was claimed.
- Ellington wondered about the order claims would be paid and whether businesses that were forced to close would also be eligible for the refund. Moon replied that nothing in the bill specifically stated how claims were to be paid and that he believed even closed businesses should be eligible, but he did not know.

Proponents

TJ Rehak – Extreme Gymnastics (provided written testimony)

Opponents and Information Only

None

HB 655 (Engler) Tax credits for maternity homes and pregnancy resource centers

Engler stated that this would renew the tax credits for pregnancy resource centers and maternity homes. These two credit renewals need to be approved this year or next year. The General Assembly needed to either reform all the tax credits or pull out the benevolent credits. This bill would extend the sunset dates to 2023, if they didn't pass until next year the sunset date would be 2024. This does not raise the caps for either credit.

Ellington wondered about services provided by pregnancy resource centers and whether they were discriminatory because they do not provide information on abortion.

Eggleston discussed the provisions of the tax credits and wondered about the difference between pregnancy resource centers and maternity homes. Engler stated that all redemptions should be the same, they should require the similar proof and have similar caps. Then they could renew all the credits at the same time and use the same redemption forms.

Proponents

Samuel Lee – Campaign Life MO

o Mr. Lee provided written testimony to the committee. He stated that maternity homes are residential facilities and there are seventeen across the state, while there were 69 pregnancy resource facilities in Missouri. He discussed how tax credits were distributed across the multiple agencies. He further stated that the Missouri Constitution says that state money should not be given to private citizens or businesses, but these tax credits are justified under the law.

Steve Smith – St. Raymond's Society

- o Mr. Smith stated that the Society was founded in 2010 to help women through and after birth. The tax credits allow them to have three houses, and the average stay is five months. They have already used the tax credits allotted to them in July 2016.
- $\circ\;$ Curtman wondered if school or employment was a requirement of the home.
- o Ellington wondered if there was a cost for services, spacing within the houses, and whether unmarried couples could receive services. He requested information about the number of people employed through the program.
- Eggleston wondered if the work requirement and savings plans were used by all maternity homes, how many donations were received, and if any money went back to business who made donations (such as clothing stores).
- Leslie Kerns Pregnancy Help Center of Central Missouri
 - o Ms. Kerns covered information about the services they provide and stated that tax credits increase donations.
 - o Ellington wondered about services for women who chose abortion and requested materials that proved those individuals would still receive services.
 - $\circ\;$ Christofanelli wondered if the center received direct funding from the state
- Jeremy Milarsky MO Child Care Association D/B/A MO Coalition of Children's Agencies
 - o Mr. Milarsky stated that tax credits allow business to fundraise locally better and that benevolent tax credits are less than 1% of all credits redeemed.
 - Ellington wondered if he could still receive a tax deduction even without using tax credits. Engler responded yes, it was the difference between getting 6% or 56% back.
- Susan Klein MO Right to Life
- Rita Linhardt MO Catholic Conference (provided written testimony)

Print Page 3 of 84

Opponents

Alison Dreith – Naral Pro-Choice MO

- o Ms. Dreith provided written testimony. She stated that the MO give \$6 million directly to pregnancy resource centers plus the tax credits. She described pregnancy resource centers as "fake" because they give inaccurate information and do not provide medical services.
- o Curtman requested clarification as to Ms. Dreith's use of "fake" to describe pregnancy resource centers.
- o Ellington wondered about statistics that Ms. Dreith provided. Ms. Dreith replied that some statistics came directly from state websites and that she would provide a list to the committee. Ellington wondered about the difference in materials provided between pregnancy resource centers and other centers.
- $\,\circ\,$ Schroer wondered about prenatal care at Planned Parenthood.
- o Christofanelli wondered if Ms. Dreith was a doctor or medical professional. Ellington requested a list of pregnancy resource centers that were run by medical professionals.

Date Tuesday, January 31, 2017 1:44 PM From Enlow, Karen

OA.Hearing & Floor Action To

Сс

Executive Session

HB 469 (Gannon) - Modifies the law relating to high school equivalency degree testing

The bill was voted DO Pass with all members voting yes except Rep Barnes who voted present.

HB 441 (Corlew) - Establishes the Cronkite New Voices Act.

Rep Corlew presented HCA #1 which included a number of changes to provisions in the bill. Chair Swan asked the sponsor to withdraw his amendment to allow further review and revision of the amendment for presentation at the next committee executive session. No DO Pass vote was taken.

Public Hearing - The following members were present: Swan, Roeber, Bangert, Bahr, Barnes, Burnett, Bayse, Dogan, Anders, Wood, Morgan, Spencer, Matthiesen.

HB 248 (Fitzwater) *PRIORITY* - Establishes a statewide STEM career awareness program.

Rep Fitzwater said the bill creates a supplemental career curriculum for middle schools to provide access to STEM careers. Fitzwater took inquiries:

- Rep Anders on the program cost? Fitzwater said the bill is subject to appropriation.
- Rep Spencer asked about the difference between this STEM program and Missouri Connect? Fitzwater had no knowledge on that program.
- Rep Woods clarified that the curriculum proposed in the bill was not required, since the state cannot mandate school curricula? Fitzwater said the proposal does not mandate that school districts adopt the curriculum.
- Rep Morgan asked the reason for making DED the responsible department and about the vagueness of the fiscal note? Fitzwater said DED's Division of Workforce Development has the resources. The vendors would be nonprofits, and he will address the fiscal note.

- Sheila Boyington of Thinking Media, Chattanooga, Tennessee said students don't know what STEM careers are which is why they didn't pursue them. She supports getting STEM career information and building STEM awareness as early as possible so students know what's available.
- Ryan Stauffer, Missouri Chamber of Commerce and Industry considers STEM promotion a top priority.
- Kyna Iman for the Gifted Association of Missouri and Boeing.
- Jerry Hobbs, Executive Director of MERC (SMI)

Opponents and Information Only

HB 138 (Spencer) *PRIORITY* - Changes the laws regarding virtual education.

Rep Spencer offered the Missouri Course Access legislation noting the work with an assistant professor at Louisiana State University, the California Christian Institute, and the Departments of Education in Massachusetts and Florida. The purpose of this legislation is to make education fair, equitable, and accessible, said Spencer. The bill allows student to select a virtual education course not offered in their resident school district and requires DESE to keep a course catalogue of virtual offerings.

- Chair Swan asked how the bill differs from last year's version? Spencer said he removed the bureaucracy from the bill.
- Rep Barnes asked who decides? Course selection is made in consultation with the school counselor.
- Rep Morgan clarified that the course is not offered in the school district and asked whether homeschool and private school students must pay tuition? Spencer said those students would pay tuition and said the amount would be no more than 14% of the state adequacy target amount for the course
- Rep Wood asked the difference between MoVIP and Spencer's bill and why limit the number of courses to two hours? Spencer said the two-hour limit was a compromise.
- Rep Anders expressed concern about students taking courses already offered in the school district.
- Rep Burnett expressed concern about school counselors making the decision for the student about the course.

- Michael Hoye, Missouri Catholic Conference said his organization supports virtual education and this bill with revisions. He urged a mandate that schools pay for courses for every resident student in the district and expressed reservations about counselors making decisions on the courses.
- Otto Fajen, MNEA said MoVIP has not accomplished its purpose due to funding and this legislation leverages dollars available for every student to access virtual education. Fajen said he supports student agency and parental involvement in course selection.
- Jerry Hobbs, MERC (SMI) agrees with the counselor not being the only one deciding what courses students take.
- Hobbs also submitted the support of Franc Flotron representing K12 Inc.
- Brent Hemphill for Connections Academy urged the sponsor to remove the two-hour course limit and the counselor's veto.
- Scott Penman on behalf of the Missouri School Counselors Association expressed concern about school counselors being the gatekeeper on course enrollment.
- Kate Casas for Excellence in Education in Action.
- Ryan Stauffer, Missouri Chamber of Commerce and Industry.
- Mike Reid, MSBA said virtual education is necessary. He has discussed questions with the sponsor and he expressed concern over the counselor's role.
- Scott Kimble, MSAC said his group had concerns over the funding mechanism.

Dr. Michael McShane. Education Policy Director for the Show-Me Institute provided a handout on their analysis related to course access.

HB 634 (Roeber) - Allows charter schools to operate in any district in the state.

Rep Roeber presented HB 634 which expands charter school statewide. Roeber fielded questions from:

- Rep Morgan asked whether the bill expands charters without changes to the current charter school language? Roeber responded yes.
- Rep Wood, coming to Roeber's assistance, asked whether she anticipated charters were popping up everywhere? Roeber said no. Wood and Roeber had an exchange about the student population needed to support a charter school, charters and property acquisition, the random lottery selection required for charters when applications exceed slots, and

Print Page 5 of 84

he cherry picking that does not occur in charter student selection.

- Rep Anders said he is not convinced that charters take and keep everyone? Roeber responded by noting the high charter school closure rate Missouri has.
- Rep Morgan asked about the mobility rate for charters being lower than traditional public schools and asked Roeber whether parents have come to her requesting charters? Roeber said charters have an 18.7% mobility rate and that some parents have come to her about charters.
- Rep Barnes spoke about there being more charter school options in other states.
- Chair Swan spoke about her desire to see charter schools with a mission in the areas of career tech or high risk students.

Proponents

- Doug Thaman, Executive Director of the MCPSA (SMI) spoke about the 11% growth in charter school population since 2015, the 80% free and reduced priced lunch students and the 9% special education students charters have. He said 24 of the 44 states with charters have caps on charter school activity. Only three states place a geographic cap on charters and those include Ohio, Delaware, and Missouri.
- Tony Kline, Superintendent of University Academy charter school (UMKC Sponsor) spoke of the academic success of their charters and the 75% free and reduced priced lunch students in their charters.
- Amy Trapp, a South St. Louis charter school parent whose two boys are fluent in Mandarin because her husband and she chose a language immersion charter school for their sons.
- Alicia Herald of KIPP Kansas City charter schools and MCPSC Chairperson spoke about charters and mentioned the Citizens of the World Charter School in Kanas City being sponsored by the MCPSC.
- Ghadeer Garcia, a Crossroads Academy charter school parent from Kansas City.
- Alex Eaton representing the Missouri Century Foundation.
- Jerry Hobbs, MERC (SMI) cited data from Stanford University's Center for Education Research on Education Outcomes (CREDO) in support of charter schools with outcomes that exceed traditional public schools.
- Hobbs also submitted the support of Franc Flotron representing K12 Inc.
- Robbyn Wahby, Executive Director for the Missouri Charter Public Schools Commission said the bill removes the unfair barrier for improved schools. Wahby said the Commission is unable to meet the needs of all parents without this bill.
- Kate Casas for Excellence in Education in Action.
- Ryan Stauffer, Missouri Chamber of Commerce and Industry said the Chamber's Missouri 2030 Survey found that over 90% of businesses believe schools need improvement.

Opponents

- Carl Peterson, former President of the Ferguson-Florissant School District School Board told the group he opposes this bill because special education students weren't taken by
- Scott Kimble, MSAC said the charter school system has problems and that if the same accreditation standards were applied to charters that are applied to traditional schools, there would be 11 provisionally accredited and 6 unaccredited out of the 39 charter LEA's. Kimble said that since 1998, Missouri has had 59 charters of which 21 have closed.

 Gerald Lee, a Springfield R-XII School Board member spoke on behalf of the MSBA about the choices the Springfield school district already provides allowing open enrollment within the district. On inquiry, Rep Barnes made the point that given the restriction of charter schools to school districts that are provisionally and unaccredited, it's unfair to compare their outcomes to accredited school districts.
- Otto Fajen, MNEA, said a charter school board is a private employer without public selection being made to the board. Charter schools can re-segregate student populations. Civic engagement with local impact statements should be part of the charter establishment process. Fajen cited staffing qualifications and the need to remediate inequities in student population among students with IEP's or students who are English Language Learners.
- Mike Wood, MSTA said the local board of education should be the place parents go to make requests for improved schools and charter schools. Rep Barnes ripped Wood over the Jefferson City School District's malignant neglect of East Elementary School which for 40 years has endured inequities because it's boundaries were redrawn to encompass every housing project within 20 miles of the school. A recent JC School Board meeting was besieged by community members and leaders who want the East Elementary school's needs addressed before any bond issue to build a second high school is put on the ballot for April. Barnes' point was that people for 40 years have raised the concerns about East Elementary School to an indifferent Jefferson City School Board, that to date has failed to address the now dire needs of the school. (Aside: The boundary changes impacting East Elementary School began in 1969. If anyone would like to know more, please contact me for details.)
- Dr. David Benson, Interim Superintendent for Lee's Summit School District expressed concern about charter school responsibilities and the need for competition between charter schools and traditional schools being on an equitable basis. Benson challenged the group by saying the proposed charter school statewide expansion is targeted to select school districts given the population sizes necessary for a viable charter school. Therefore, this bill should be written to reflect this targeting. Benson fielded inquiries from Rep Bayse on his experience in lowa, Kansas, and Missouri; from Rep Morgan the need for charters; from Rep Barnes who said the only people compelled to go to a school are the poor who are forced to attend failing traditional schools because they can't move; and Rep Anders who asked Benson whether in his experience we do enough for schools? Benson said "no".
- Dr. Sharon Nibbelink, Superintendent of the Center School District said charter schools don't make sense in accredited school districts where parents are highly satisfied with the performance of the local schools. Adding choice dilutes the quality of all schools by siphoning away students. She also said charter schools are not held to the same standards as traditional public schools. Rep Wood countered by saying that charters are subject to the same scores, the same APR, and the same tests.

Information Only

- Kevin Masters for KCPS stated that the KCPS district does not oppose charter schools, but expansion of charters without accountability and equity does not allow for a level playing process. Masters said selective coaching causes students to leave charters and return to public schools, and charters decrease the ability of traditional schools to have robust programs. Masters said KCPS has a 41% mobility rate and a 93% free and reduced priced lunch level among its students.
- Dr. Michael McShane, Education Policy Director for the Show-Me Institute provided an issue brief on charter schools.

In her closing remarks, Rep Roeber mentioned the 7,000 charter schools with 2 5 million students and the importance of choice.

HB 253 (Swan) *PRIORITY* - Creates the Career and Technical Education Certification Program.

Rep Swan went over Rough Draft #2 of HB 253 for the committee. The bill addresses change to the prior bill to clean-up issues in the original language. She was uncertain of the reason for the 1 FTE in the fiscal note and will be requesting another fiscal note on the basis of rough draft #2.

Proponents

- Bill Gamble, Missouri Career and Technical Education Association
- Mike Wood, MSTA
- Luana Gifford, AFT Missouri
- Otto Fajen, MNEA
 - Carl Peterson, former President of the Ferguson-Florissant School District School Board was also a former plant manager.
- Ryan Stauffer, Missouri Chamber of Commerce and Industry.
- Jerry Hobbs, MERC (SMI)
- Bill Shoehigh, Microsoft
- Scott Kimble, MSAC
- Mike Reid, MSBA

Fajen cited staffing qualifications and the need to remediate inequities in student population among students with IEP's or students who are English Language Learners.
- Mike Wood, MSTA said the local board of education should be the place parents go to make requests for improved schools and charter schools. Rep Barnes ripped Wood over the Jefferson City School District's malignant neglect of East Elementary School which for 40 years has endured inequities because it's boundaries were redrawn to encompass every housing project within 20 miles of the school. A recent JC School Board meeting was besieged by community members and leaders who want the East Elementary school's needs addressed before any bond issue to build a second high school is put on the ballot for April. Barnes' point was that people for 40 years have raised the concerns about East Elementary School to an indifferent Jefferson City School Board, that to date has failed to address the now dire needs of the school. (Aside: The boundary changes impacting East Elementary School began in 1969. If anyone would like to know more, please contact me for details.)
- Dr. David Benson, Interim Superintendent for Lee's Summit School District expressed concern about charter school responsibilities and the need for competition between charter schools and traditional schools being on an equitable basis. Benson challenged the group by saying the proposed charter school statewide expansion is targeted to select school districts given the population sizes necessary for a viable charter school. Therefore, this bill should be written to reflect this targeting. Benson fielded inquiries from Rep Bayse on his experience in lowa, Kansas, and Missouri; from Rep Morgan the need for charters; from Rep Barnes who said the only people compelled to go to a school are the poor who are forced to attend failing traditional schools because they can't move; and Rep Anders who asked Benson whether in his experience we do enough for schools? Benson said "no".
- Dr. Sharon Nibbelink, Superintendent of the Center School District said charter schools don't make sense in accredited school districts where parents are highly satisfied with the performance of the local schools. Adding choice dilutes the quality of all schools by siphoning away students. She also said charter schools are not held to the same standards as traditional public schools. Rep Wood countered by saying that charters are subject to the same scores, the same APR, and the same tests.

Information Only

- Kevin Masters for KCPS stated that the KCPS district does not oppose charter schools, but expansion of charters without accountability and equity does not allow for a level playing process. Masters said selective coaching causes students to leave charters and return to public schools, and charters decrease the ability of traditional schools to have robust programs. Masters said KCPS has a 41% mobility rate and a 93% free and reduced priced lunch level among its students.
- Dr. Michael McShane, Education Policy Director for the Show-Me Institute provided an issue brief on charter schools.

In her closing remarks, Rep Roeber mentioned the 7,000 charter schools with 2 5 million students and the importance of choice.

HB 253 (Swan) *PRIORITY* - Creates the Career and Technical Education Certification Program.

Rep Swan went over Rough Draft #2 of HB 253 for the committee. The bill addresses change to the prior bill to clean-up issues in the original language. She was uncertain of the reason for the 1 FTE in the fiscal note and will be requesting another fiscal note on the basis of rough draft #2.

Proponents

- Bill Gamble, Missouri Career and Technical Education Association
- Mike Wood, MSTA
- Luana Gifford, AFT Missouri
- Otto Fajen, MNEA
 - Carl Peterson, former President of the Ferguson-Florissant School District School Board was also a former plant manager.
- Ryan Stauffer, Missouri Chamber of Commerce and Industry.
- Jerry Hobbs, MERC (SMI)
- Bill Shoehigh, Microsoft
- Scott Kimble, MSAC
- Mike Reid, MSBA

🔁 2017MWMLProgramWithBleed.pdf (1778 Kb нтм.) 📆 March for Life program.pdf (136 Kb нтм.)

Good morning, Jake,

My name is Kathy (Thebo) Forck and I am an organizer of the MidWest March for Life which is happening this Saturday, February 4 at 10am. Other events will begin at 8am at Selinger Center directly across from the Capitol and continue until 3pm. www.midwestmarchforlife.com

My cousin, Gale Frolos, a State Committee woman, spoke with Brett Dinkins, who said I should contact you about an invitation to Governor Greitens and the First Lady. We expect a larger turnout than last year which had over 1000 people march by the Governor's mansion on our way to the Capitol Rotunda for a rally. We are pleased to see that the First Lady put life on her platform and thought that she might be interested in this event. We should be by the Governor's mansion about 10:05am ish.

We humbly extend an invitation to Governor Greitens and the First Lady and family to perhaps come out and wave to the crowd as it passes by, or speak a few words, or join the March to the Capitol or address the crowd at the Rally inside the Rotunda. We are extending this invitation for any or all of the above and most of all we would like to ask for the Governor and First Lady's prayers as we fight for life in our great state of Missouri. We would be so honored and humbled if Governor Greitens and the First Lady would be able to join us.

I am attaching a flier for the event and also the program. We are pleased to have Ryan Bomberger, founder of The Radiance Foundation and Dr Vansen Wong, a former abortion provider who had a conversion to life, as two speakers at the Rally.

Thank you so much for your kind consideration in this matter and I apologize for the lateness of the invitation. A member of our team delivered fliers to the Capitol and the legislature last week but I know that you receive a tremendous amount of correspondence.

Thank you again and know that you too, sir, are invited to this 7th annual event that does so much for the state of Missouri and its citizens to keep the constituents involved in life affirming events.

Warmest regards, Kathy Forck
